# HELLO

The CQI and IRCA Certified Foundation courses in Quality Management are designed for those who are beginning their career in quality, or who work in other functions or professions.

The **FOUNDATION CERTIFICATE IN QUALITY MANAGEMENT** is awarded on successful completion of all seven courses.

# OVERVIEW

The Foundation level courses in Quality Management provide an awareness and understanding of a broad range of skills and knowledge related to quality. They are designed specifically for those who are beginning their career in quality or who work in other functions or professions.

There are seven courses you can study – you can enrol onto individual courses or study all seven to achieve the Foundation Certificate in Quality Management:

Introduction to  
**Problem Solving**  
(FD102)

Introduction to **Risk**  
**Management**  
(FD103)

Introduction to  
**Change Management**  
(FD104)

Introduction to  
**Product & Service**  
**Management**  
(FD105)

Introduction to  
**Process Design**  
(FD106)

Introduction to  
**Management**  
**Systems**  
(FD107)

Introduction to  
**Stakeholder**  
**Communications**  
(FD108)

The **Foundation**  
**Certificate in Quality**  
**Management** (All  
Seven Courses)

# HOW WILL YOU BENEFIT?

The Chartered Quality Institute (CQI) and its IRCA division are the leading global professional bodies for quality and audit professionals. As the only chartered body in the world that's dedicated to quality management, 60,000 delegates in over 100 countries across the world undertake CQI and IRCA Certified Training every year. Here's why:

With three levels of training (Foundation, Practitioner & Professional) and a variety of modular courses, you can create a learning programme perfectly tailored to your needs whatever your career stage.

Training is mapped to the CQI's Profession Map, so you learn the relevant, up-to-date skills employers want.

Our certified training courses provide you with the knowledge and skills to support your CQI membership application.

# ABOUT ROVE

---

rove has worked in partnership with the CQI and IRCA since 2010, delivering Certified training programmes, supporting quality management professionals develop and progress in their careers.

rove has been assessed and certified as an Approved Training Partner (ATP) by the CQI and IRCA. This means it has the processes and systems in place to deliver certified courses to the highest standards. The CQI and IRCA undertake ongoing assurance activities to ensure it continues to meet ATP requirements.

Since 2016, when the current courses were introduced, rove has worked with over 600 learners, from over 380 companies – both in the UK and Internationally. It has supported learners to achieve over 1,000 courses and over 100 individuals to achieve the prestigious Foundation, Practitioner and Professional Certificates in Quality Management.

rove's achievement rate is 100% and its first time exam pass rate is 90%

# ABOUT CQI

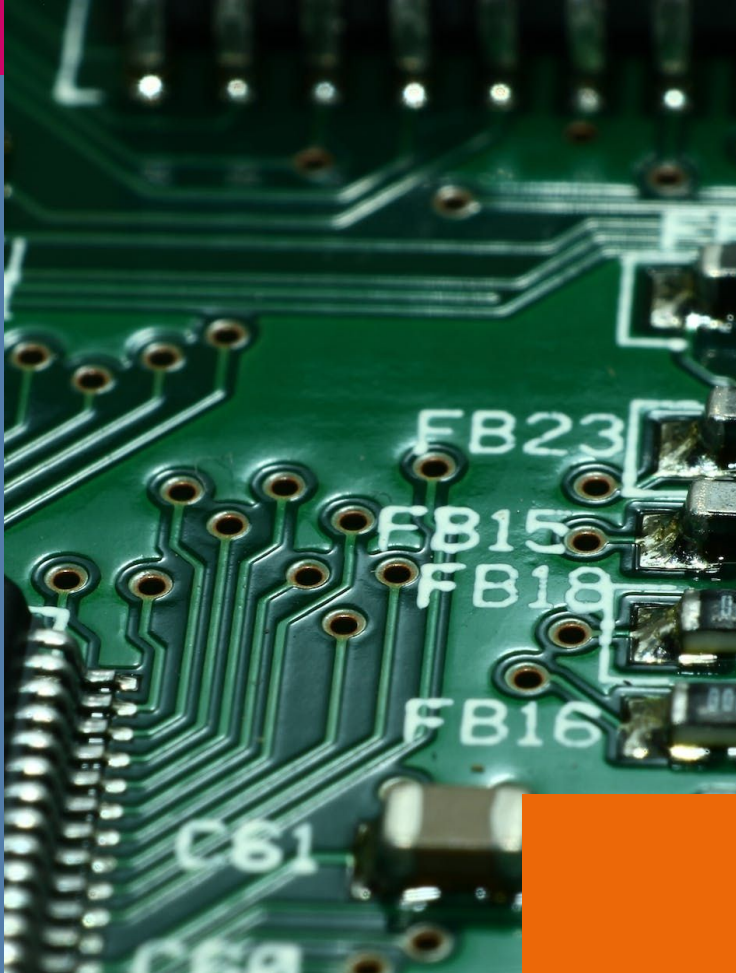

## CQI MEMBERSHIP

Joining the CQI makes you part of a unique network of thousands of professionals working in quality management. Becoming a member of the CQI gives you opportunities for learning, development and networking, as well as unrivalled recognition – showing your colleagues and employers that you're serious about your profession and committed to developing your expertise.

Read more about membership [here](#).

If you apply for CQI membership at Affiliate or Practitioner grade within 16 weeks of completing your course, the CQI will waive the application fee. Simply email [applications@quality.org](mailto:applications@quality.org) and request the code.

# WHAT COURSES CAN YOU STUDY?

There are **seven** CQI and IRCA Certified Foundation Quality Management courses you can study, or you can obtain a comprehensive overview of Quality Management by studying the **Foundation Certificate in Quality Management** (all seven courses).

# AT A GLANCE...

## Introduction to **Problem Solving (FD102)**

Gain an understanding of the fundamental tools, techniques and structured methodologies for problem solving and the capability to participate as a member of a problem-solving team in the application of the key tools to support the development of robust and sustainable solutions.

## Introduction to **Risk Management (FD103)**

Gain an awareness of the fundamental tools, techniques and structured methodology for risk management across a broad range of organisational contexts. You will leave the course with the capability to participate as a member of a team in the application of the key tools within your organisation.

## Introduction to **Change Management (FD104)**

Gain an awareness of the key considerations and approaches to enable effective change in organisations and the ability to explain how understanding organisational change can be used to develop an approach to sustain improvement in customer and stakeholder satisfaction.

## Introduction to **Product & Service Management (FD105)**

Gain an awareness of the fundamental tools, techniques and structured methodologies for Product and Service Management across a broad range of organisational contexts and the capability to participate as a member of a team in the application of the key tools.

# AT A GLANCE...

## Introduction to **Process Design (FD106)**

Gain the fundamental skills for process design, standardisation, the capability to understand customer and stakeholder requirements and define standardised processes to deliver them.

## Introduction to **Management Systems (FD107)**

Gain an awareness of management systems in general and the ability to explain how customer and stakeholder requirements can be used to develop a management approach focused on sustaining improvement in customer satisfaction.

## Introduction to **Stakeholder Communications (FD108)**

Gain key skills in communicating, influencing and negotiating across a broad range of organisational contexts, including the capability to evaluate and improve your own communications and those of others within your organisation.

## The **Foundation Certificate in Quality Management**

# INTRODUCTION TO PROBLEM SOLVING (FD102)

## OVERVIEW

Gain a thorough introduction to the fundamentals of Problem Solving. This course covers the fundamental tools, techniques and structured methodologies for Problem Solving. You will gain the confidence to actively participate in problem-solving teams. Learning outcomes will cover the application of key tools in order to develop robust, sustainable solutions that have a big impact on quality.

## CERTIFICATION

The Foundation Certificate in Quality Management, awarded by the CQI and IRCA

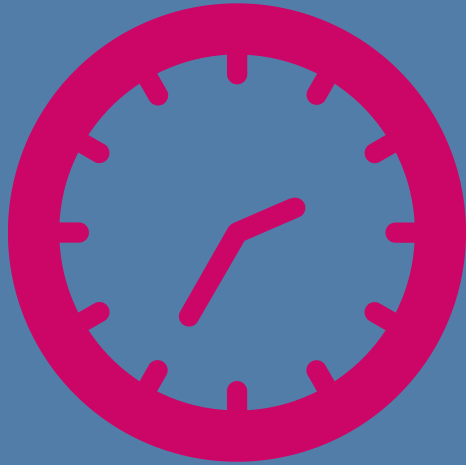

# WHAT'S INVOLVED?

Read on to find out how long each course takes, what the entry requirements are and how much it costs.

# HOW LONG DOES IT TAKE?

## TYPICAL COURSE DURATION: 4 WEEKS

This assumes you can commit to at least 4 hours of study each week. You and your tutor will agree your planned end date during your induction.

The **minimum** learning hours for each course is between **8** and **16**. The course resource is comprehensive and so study time can exceed this if you wish to get more out of the course.

The **maximum** course duration, set by the CQI and IRCA, for each course is **6 months** and for completion of the Certificate is **3 years**.

# WHAT ARE THE ENTRY REQUIREMENTS?

---

## NO SET REQUIREMENTS

The Foundation level courses are aimed at those beginning their careers in Quality or who work in other functions – there are no set entry requirements for these courses.

Unsure which level or course is right for you?

[Use the CQI tool to help.](#)

# WHAT ARE THE COURSE FEES?

## £395.00 (+VAT) PER COURSE

A **10% discount** is applied if you enrol on the Foundation Certificate (all seven courses):

- £2,488.50 (+VAT) – 10% discount applied.

If you enrol on more than one course, you have the option to pay on a course-by-course basis.

Payment can be made via bank transfer or online (including credit card).

# HOW WILL I LEARN?

This section covers our delivery method, how you'll be assessed and your learning journey.

# DELIVERY

---

## FLEXIBLE LEARNING

You can study when and where you want – rove's systems provide you with 24/7 access to course materials and assessments. This means:

- You're not constrained to set dates/times for training – you can start when you're ready and study at a time that best suits you.
- You can complete your training at a pace that's right for you – if you have more time than expected you can accelerate your learning.

Your dedicated tutor will provide a comprehensive induction and offer timely advice, support and feedback throughout your course.

## ASSESSMENT & CERTIFICATION

Assessment for Foundation courses is via workbook completion. Your tutor will assess and provide feedback on your submissions.

On completion of the course workbook, you will be awarded a Certificate of Completion.

The Foundation Certificate in Quality Management is awarded by the CQI and IRCA on completion of all seven courses.
